DESCRIPTION AND PURPOSE OF ITEM

This item indicates the county highway number for those sections of a highway designated as part of the County Highway System.

This information is used to identify the county highway system as required in the Road and Bridge and Other Related Laws of Illinois.

This item can be determined from the County General Highway Key Map. If in question, contact the district Bureau of Local Roads and Streets or the county highway engineer.

CODE AND SCREEN ENTRY INSTRUCTIONS

A 5-digit alphanumeric code.

Code the county highway number as follows:

Position	Description
1-4	Code the numeric portion of the county highway number, right justified. Fill leading spaces with zeros.
5	Code the alphabetic suffix, for older county highway numbers, or prefix, for those using the new numbering system. If there is no alpha character, leave this digit blank.

If there is no county highway number, code '00000'.
